Race to Draw the Ear Game

- **Materials** – a six sided die; counters/coins/tokens; a printout of the game board or draw your own; a sheet of paper divided into three sections
- **Object of the Game** – to complete a drawing of the six main parts of the ear before other players
- **How to Play** – place a coin or token on any space on the outer edge of the game board. Roll the die, move in either direction around the board to a spot that you need to draw. Draw your ear part on your paper. If you already have drawn this part, you miss a turn. Winner has a completed drawing of the ear.
