

Working with students who are Deaf or Hard of Hearing

DO

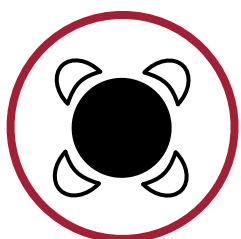

provide visual access
to information

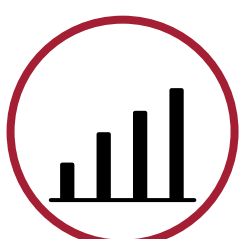

foster an ideal
listening
environment

expect the student
to use the assistive
technology devices

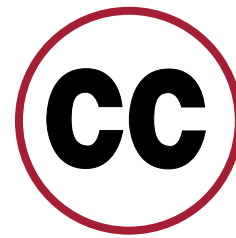

provide optimal
seating arrangement

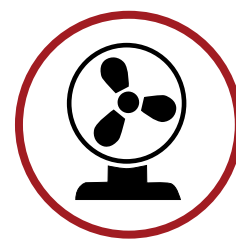

use clear language
when speaking

REMEMBER TO

use closed captioning
and copies of notes

place students away
from loud heating or
technology fans

use the DM or
Soundfield mute button

provide visual access
to peers and teachers

speak at a comfortable
volume and rate

check for understanding
